GAR!S® 格瑞斯

INTRODUCTION

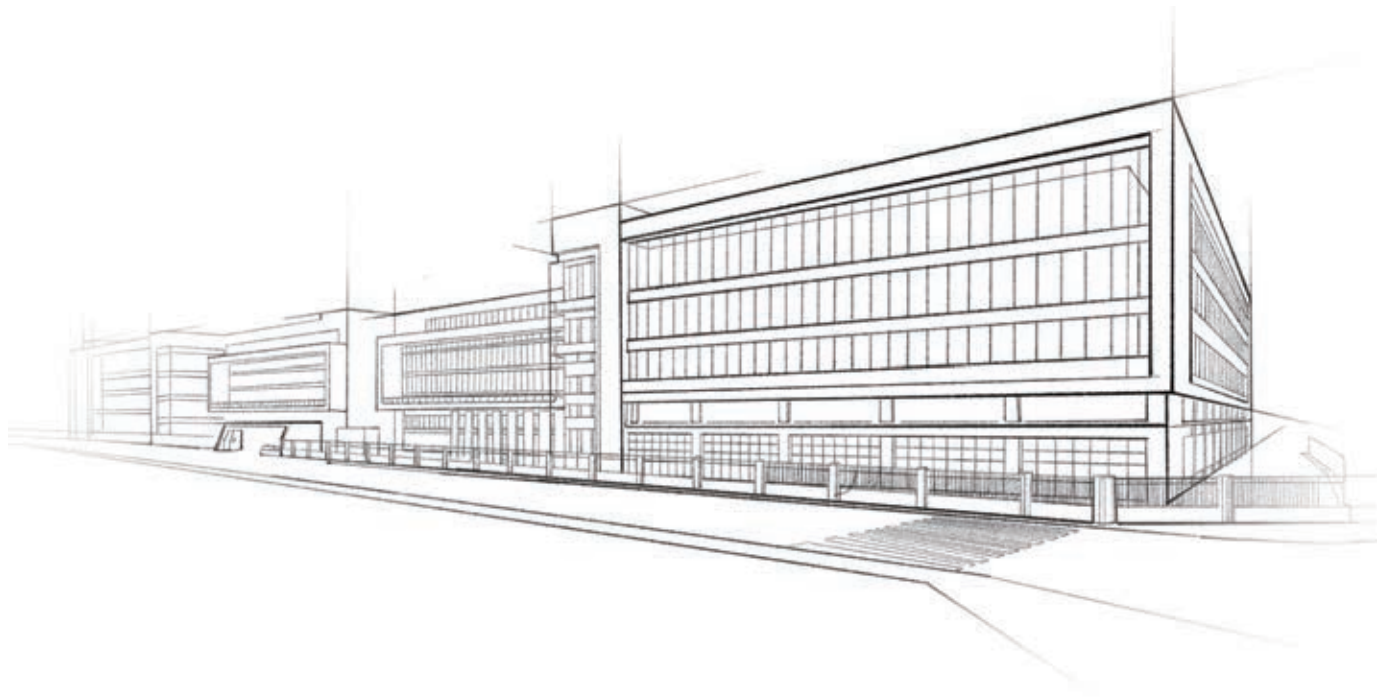

Garis, founded in 2001, is a leading manufacturer of functional home hardware, offering diverse solutions for creative living spaces. As a top player in China's hardware industry, its products are sold in 72 countries, serving global custom home and cabinet manufacturers with high-quality solutions.

Garis, recognized as a national high-tech enterprise, upholds the corporate philosophy of "exploring the essence of things to acquire knowledge and pioneering innovation." Guided by the high-end market, the company is committed to independent innovation and research and development. With over 150 R&D experts and 1,500 employees, it operates three production bases (200,000 sqm total), a research center, and holds 100+ patents. Certified by ISO9001 and ISO14001, Garis uses smart production and digital management.

Garis provides end-to-end services from design to delivery, ensuring flexible, high-standard production to meet global clients' diverse and time-sensitive needs.

PRODUCTION
BASE

GARIS products thrive globally, driving production expansion. Since 2013, GARIS built facilities in Heyuan, Guangdong Province—Garis Lianping Industrial Park and Garis High-Tech Zone—totaling 200,000 sqm. Surrounded by nature environment, the zones exemplify "green production" and a "garden-style industrial park," with efficient transportation networks.

With over 20 years of growth, GARIS boasts a robust production system, featuring cutting-edge international equipment and advanced automated robotic lines. The company employs 150+ R&D experts and 1,500+ staff, using smart production and digital platforms across all stages—from raw material cutting to stamping, molding, injection molding, spraying, assembly, quality inspection, and product shipment. Every step, from design to quality and performance, is meticulously managed, reducing energy use while boosting production output.

DEVELOPMENT HISTORY

发展历程

2001

GARIS was established, primarily producing home plastic and hardware accessories, with a factory area of 500 square meters.

2002

The company built a comprehensive domestic sales network and expanded into overseas markets, leading to rapid growth. The production area increased to 1,500 square meters.

2004

GARIS pioneered the domestic soft-closing drawer system and debuted at the Guangzhou International Hardware and Accessories Exhibition, quickly gaining widespread attention and acclaim from customers worldwide. This success laid a solid foundation for GARIS's future growth.

2005

GARIS's soft-closing drawer system is sold in 36 countries worldwide and has established strategic partnerships with renowned global cabinet manufacturers and hardware traders.

2006

Major modifications have been implemented for the soft-closing drawer system, alongside ongoing enhancements to refine the product's features and structural design.

2006

Major modifications have been implemented for the soft-closing drawer system, alongside ongoing enhancements to refine the product's features and structural design.

2007

The second-generation concealed soft-closing drawer system quickly dominated the market. The company expanded production into a 20,000㎡ facility, employed 300 staff, and achieved an annual output exceeding 100 million yuan.

2008

Venturing into the basket slide market and swiftly rising to prominence as a leading domestic basket manufacturer and top supplier for cabinet accessories, consistently securing a market share exceeding 80%.

2009

Garis Office Building was completed,equipped with A new R&D center and laboratory center, which were built to develop higher quality products and provide better services for global users.

2011

The new generation IN-BOX versatile drawer has been innovatively launched. A breakthrough in soft-closing slide technology has been achieved, developing its rails with a load-bearing capacity of 45KG/70KG.

2013

The ultra-thin, brand-new MINI-BOX optimized slim soft-closing drawer series has been successfully launched, alongside the release of a newly designed storage system.

2015

The Garis construction area of the Lianping factory in Heyuan City, is 60,000 square meters. Two fully automatic spraying production lines have been introduced, significantly doubling the production capacity of drawers.

2017

Soft-closing technology has achieved a major breakthrough. The innovative stepless variable soft-closing technology enables smoother sliding and softer closing.

2019

The G2 and G6 concealed slides, along with the METAL-BOX ultra-thin drawers, have been simultaneously launched, providing enhanced options for diverse home space solutions.

2021

The 13MM ultra-slim borderless U-BOX soft-closing drawer series, seamlessly aligned with modern aesthetic design, debuts innovatively. With a groundbreaking breakthrough in concealed slide performance and sychronization, it ensures precise and smooth sliding, offering versatile solutions for diverse home spaces.

2022

The 13MM ultra-slim borderless U-BOX soft-closing drawer series, seamlessly aligned with modern aesthetic design, debuts innovatively. With a groundbreaking breakthrough in concealed slide performance and sychronization, it ensures precise and smooth sliding, offering versatile solutions for diverse home spaces.

2025

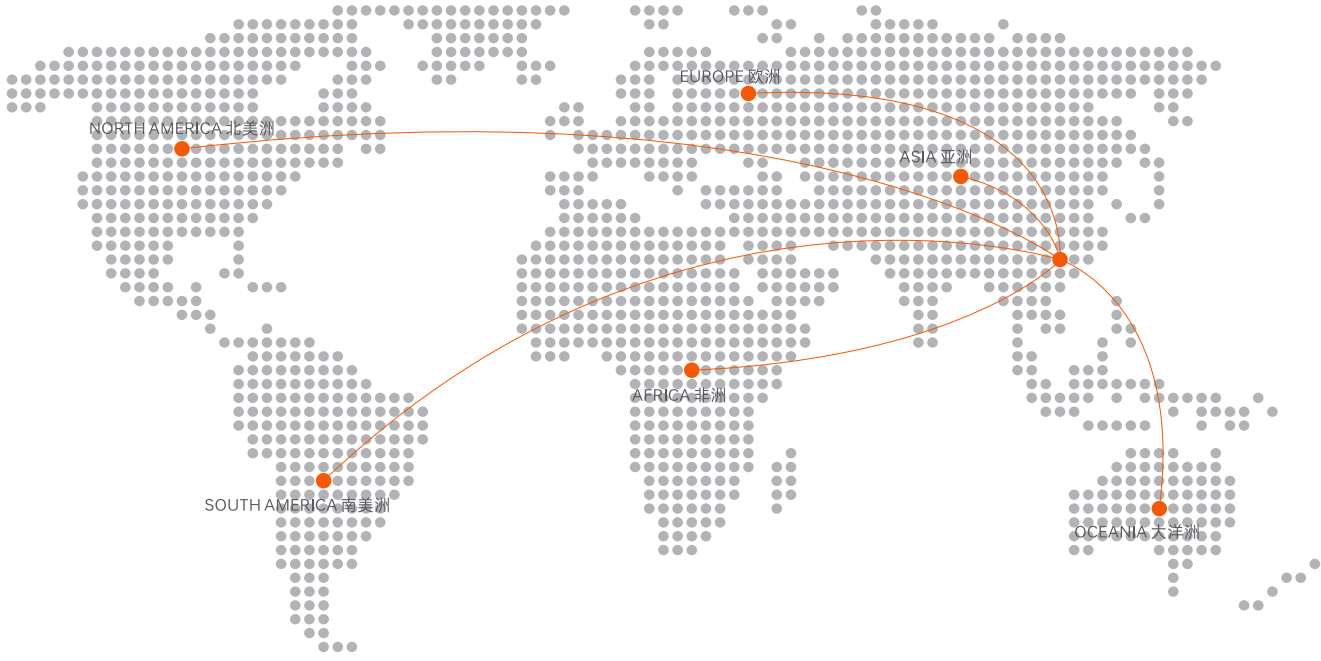

The all-new N Series and R Series soft-closing drawers have made a powerful debut, collaborating to revolutionize the drawer divider storage solutions and ushering in a new era for the high-end custom home hardware industry.

DOMESTIC SALES NETWORK

Garis International Hardware Produce Co.,Ltd. is the earliest domestic professional manufacturer that independently research, produce and sell cabinet furniture soft-closing drawer slides, basket soft-closing slides, and concealed silent slides, hinge and other function hardware. Garis is the pioneer of China soft-closing drawer technology development.

HINGE SERIES

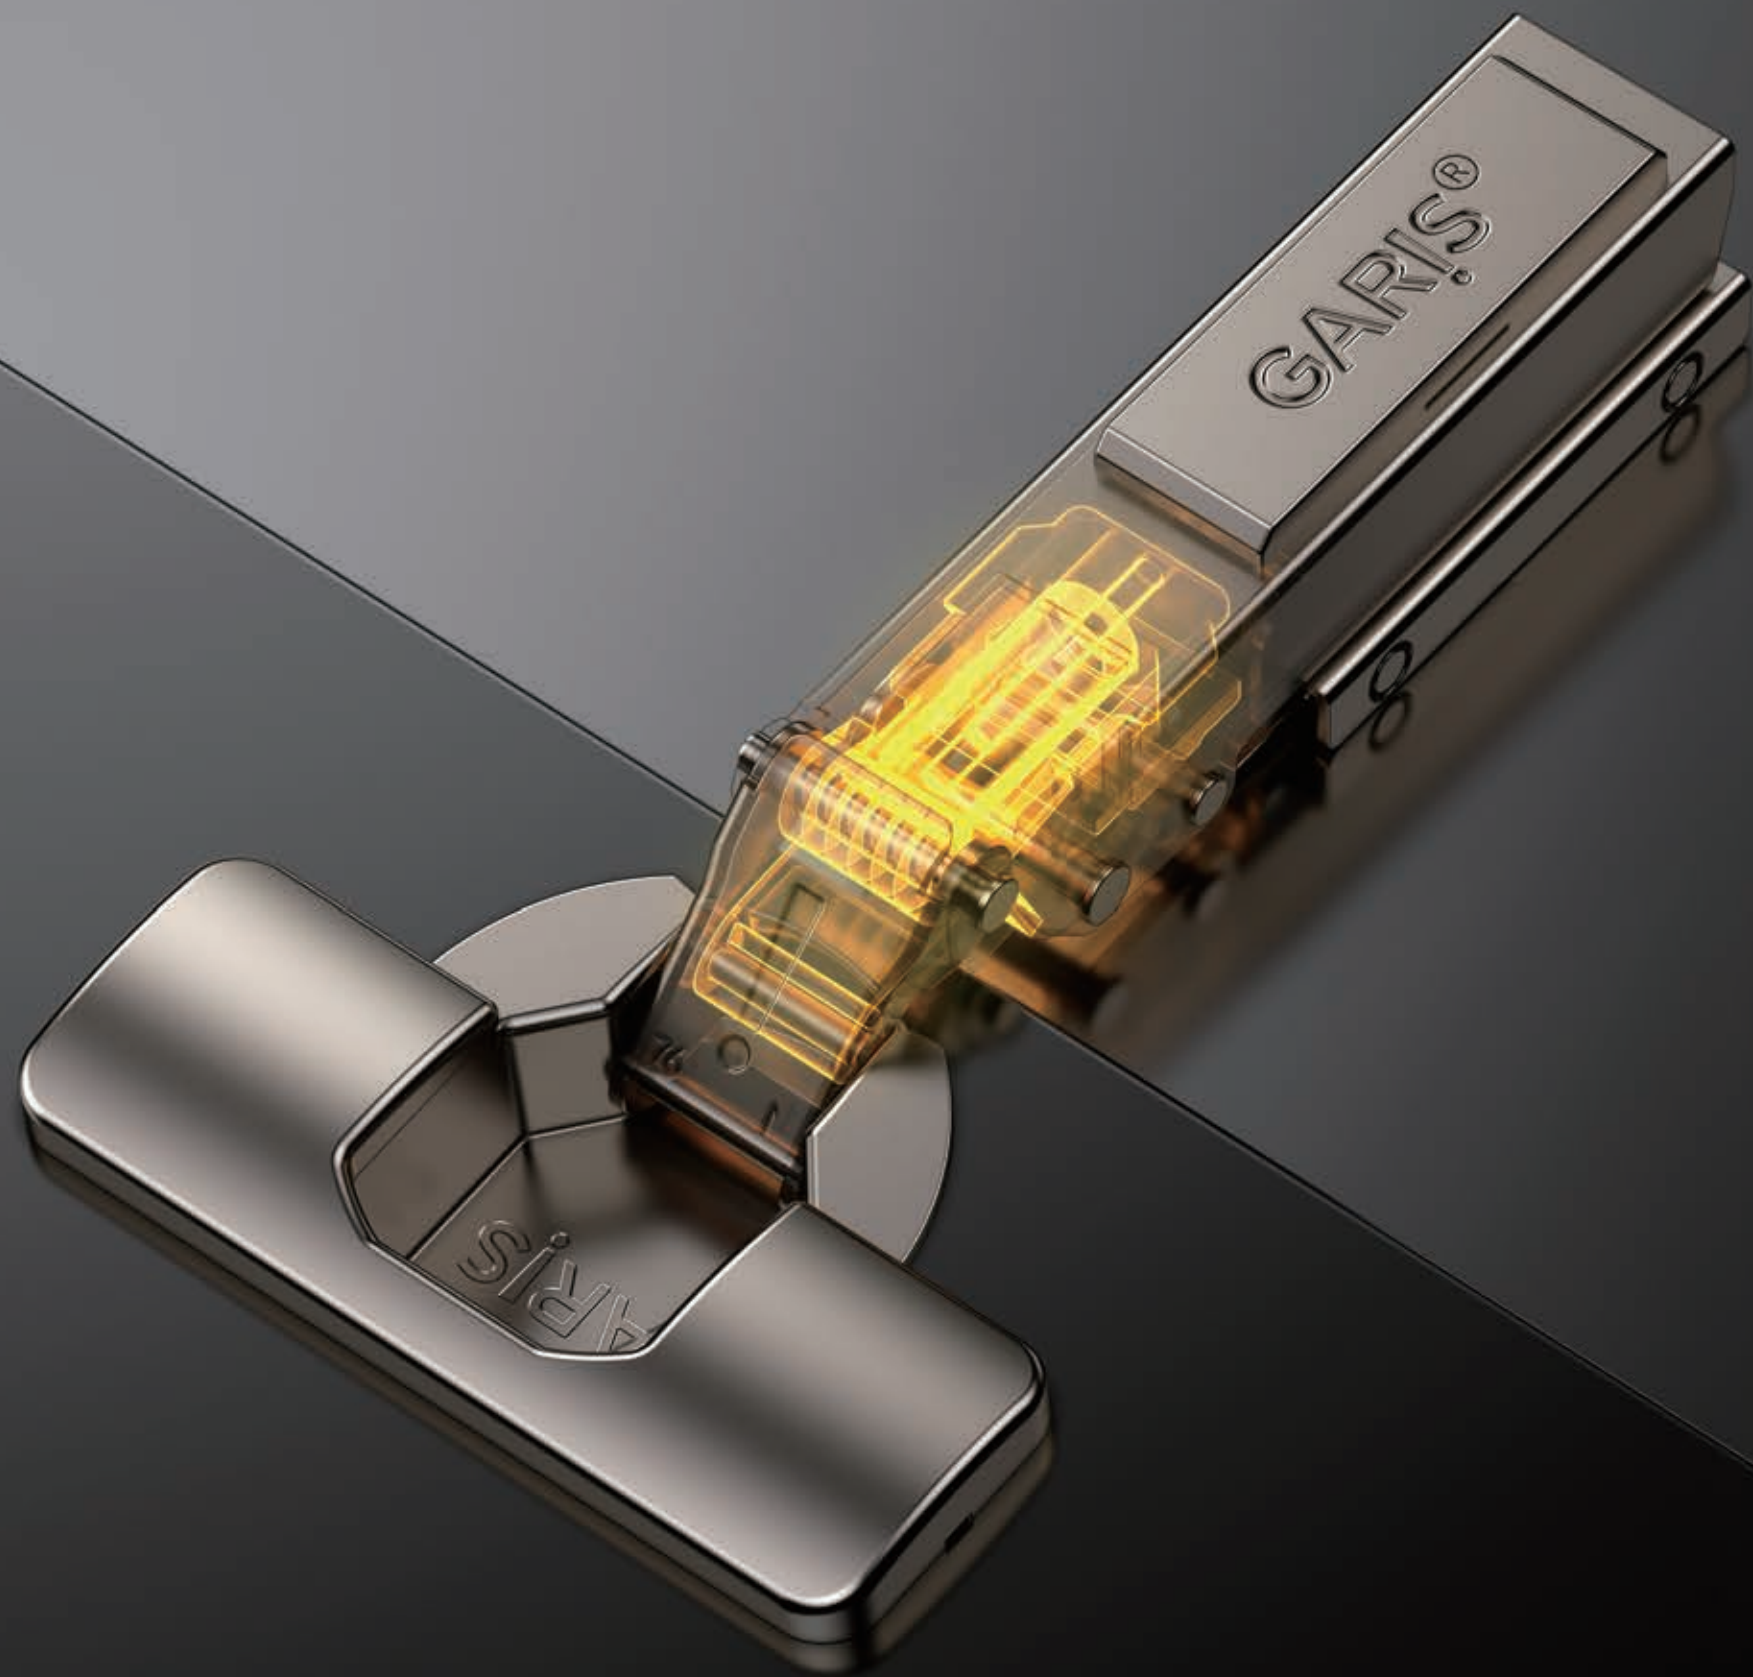

INVISIBLE DANCE | THE POETIC NARRATIVE OF A LINEAR HINGE

With a minimalist line,
it carves through the fissures of space and time.
Within its metal skeleton lies the philosophy of
ten thousand silent openings and closings

unassuming, yet resonates with a quiet eloquence.

Linear hinge,
The preferred hardware component for minimalist home designs,
seamlessly integrating with styles ranging from
pure simplicity to understated luxury

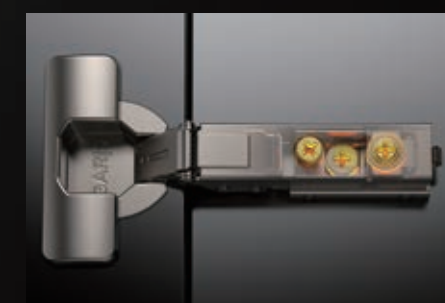

- Built-in small-angle two-stage damper mechanism ensures a gentle, smooth, and silent closing experience.

- Innovative patented structure with front/back reversible quick-installation technology delivers efficient and convenient operation.

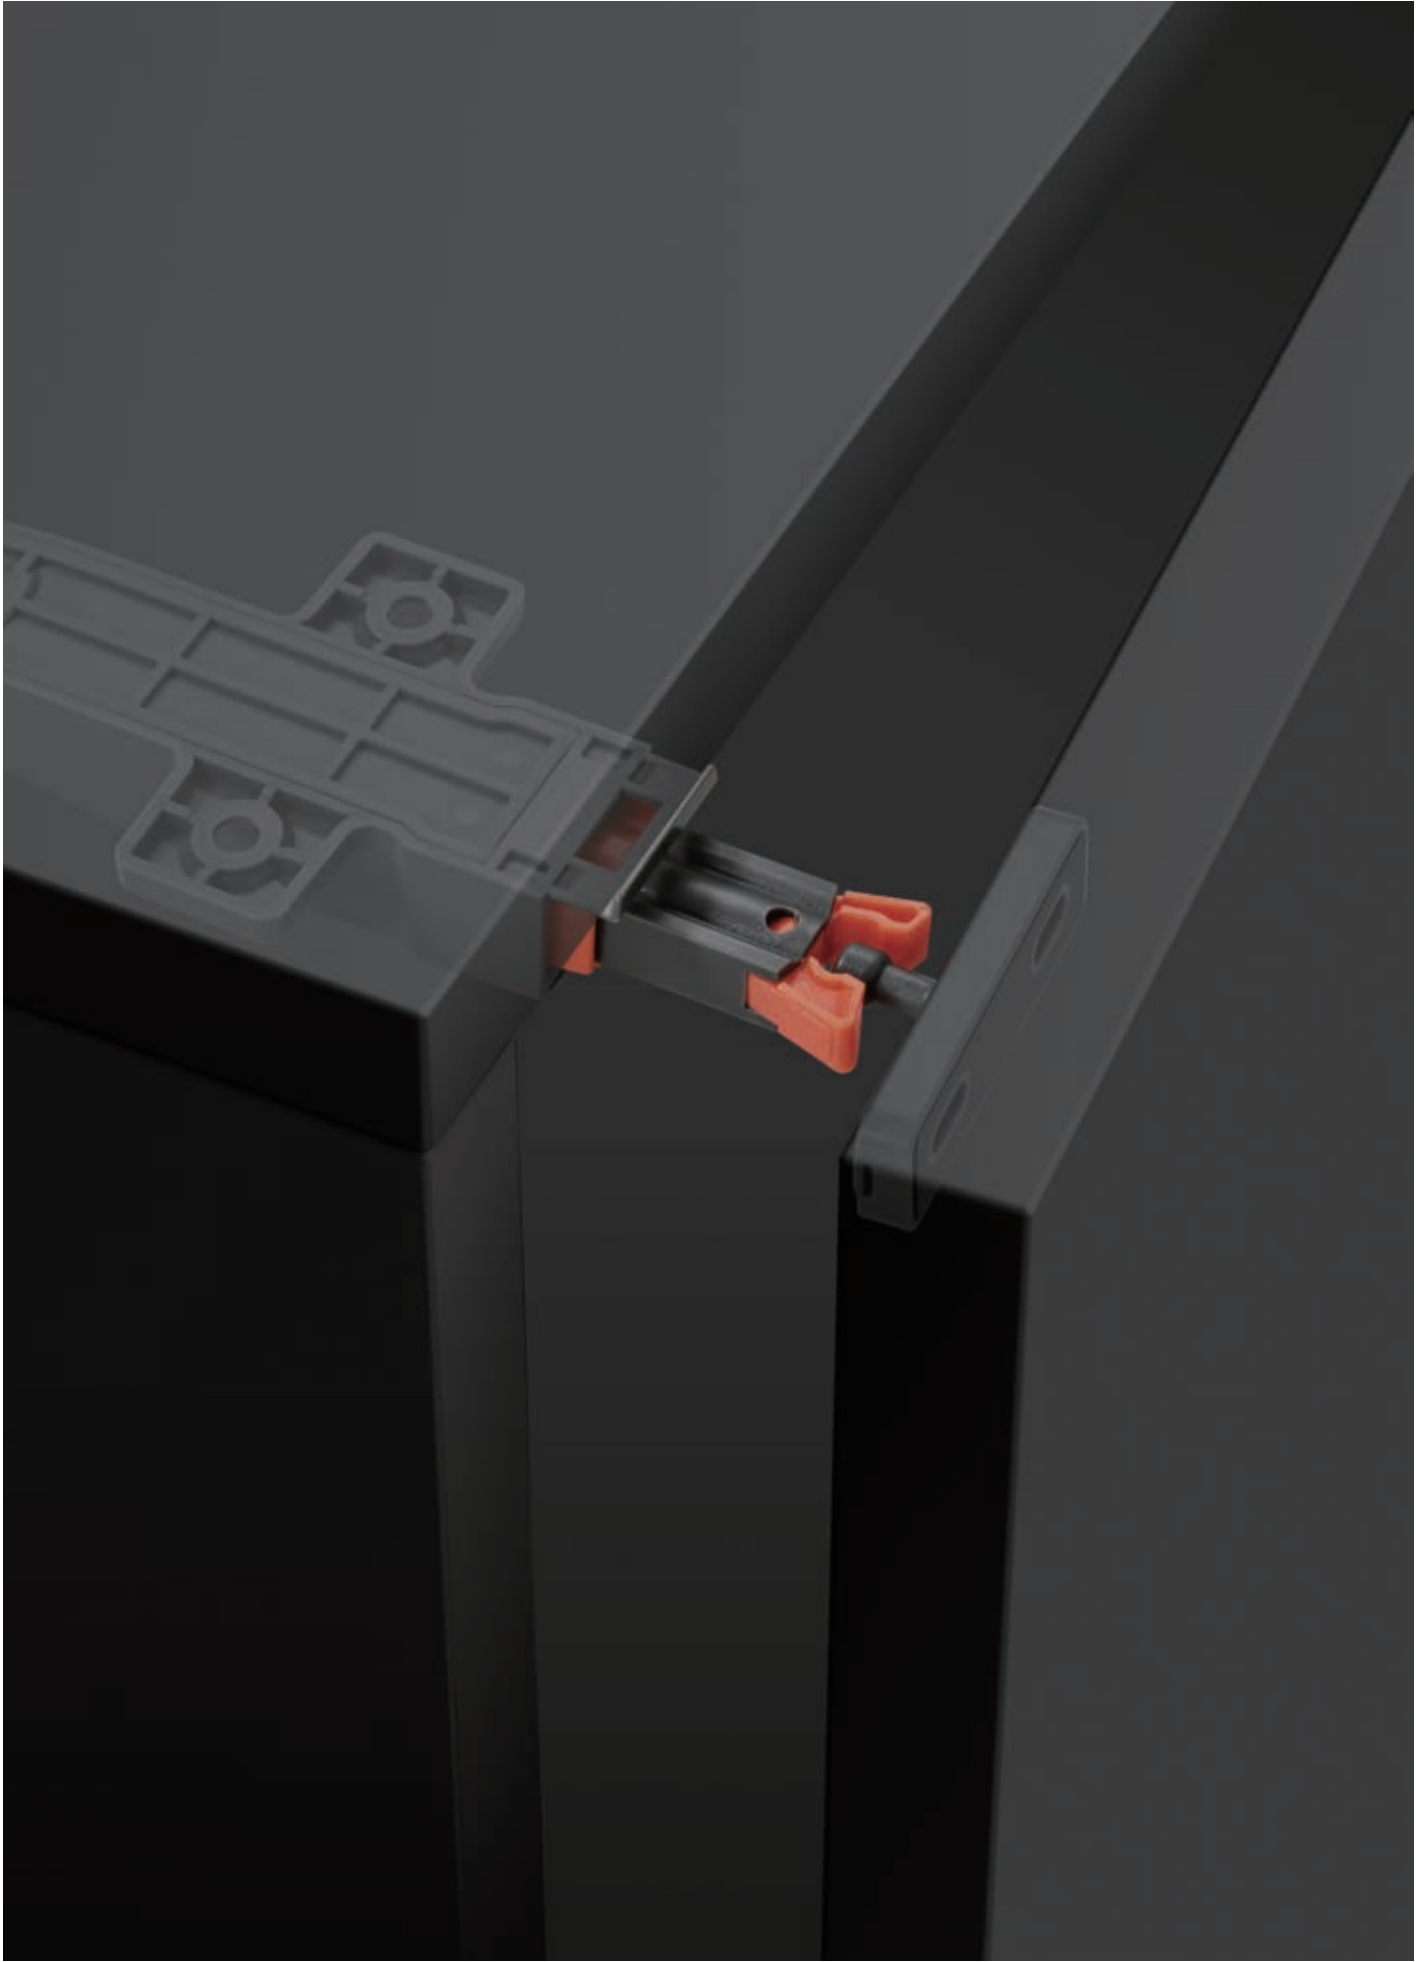

- Minimalist design enhanced by a linear base featuring 3D adjustment capabilities, elevating simplicity to new heights.

- When the cabinet door is closed to the small-angle soft-closing position, the hinge provides soft-closing functionality at any angle.

The soft-close mechanism utilizes a hydraulic damper to enable gentle cabinet door closure, effectively reducing noise, preventing wear-and-tear damage, and enhancing operational safety.

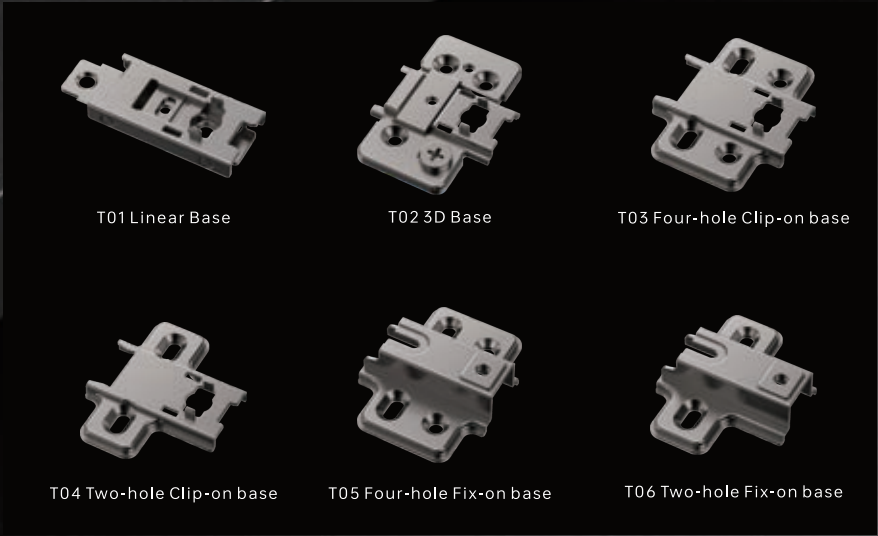

Multiple electroplating processes with copper and nickel plating,
dual-layer protection for worry-free rust-proofing.

Supports various base models to meet diverse needs:

KC90L

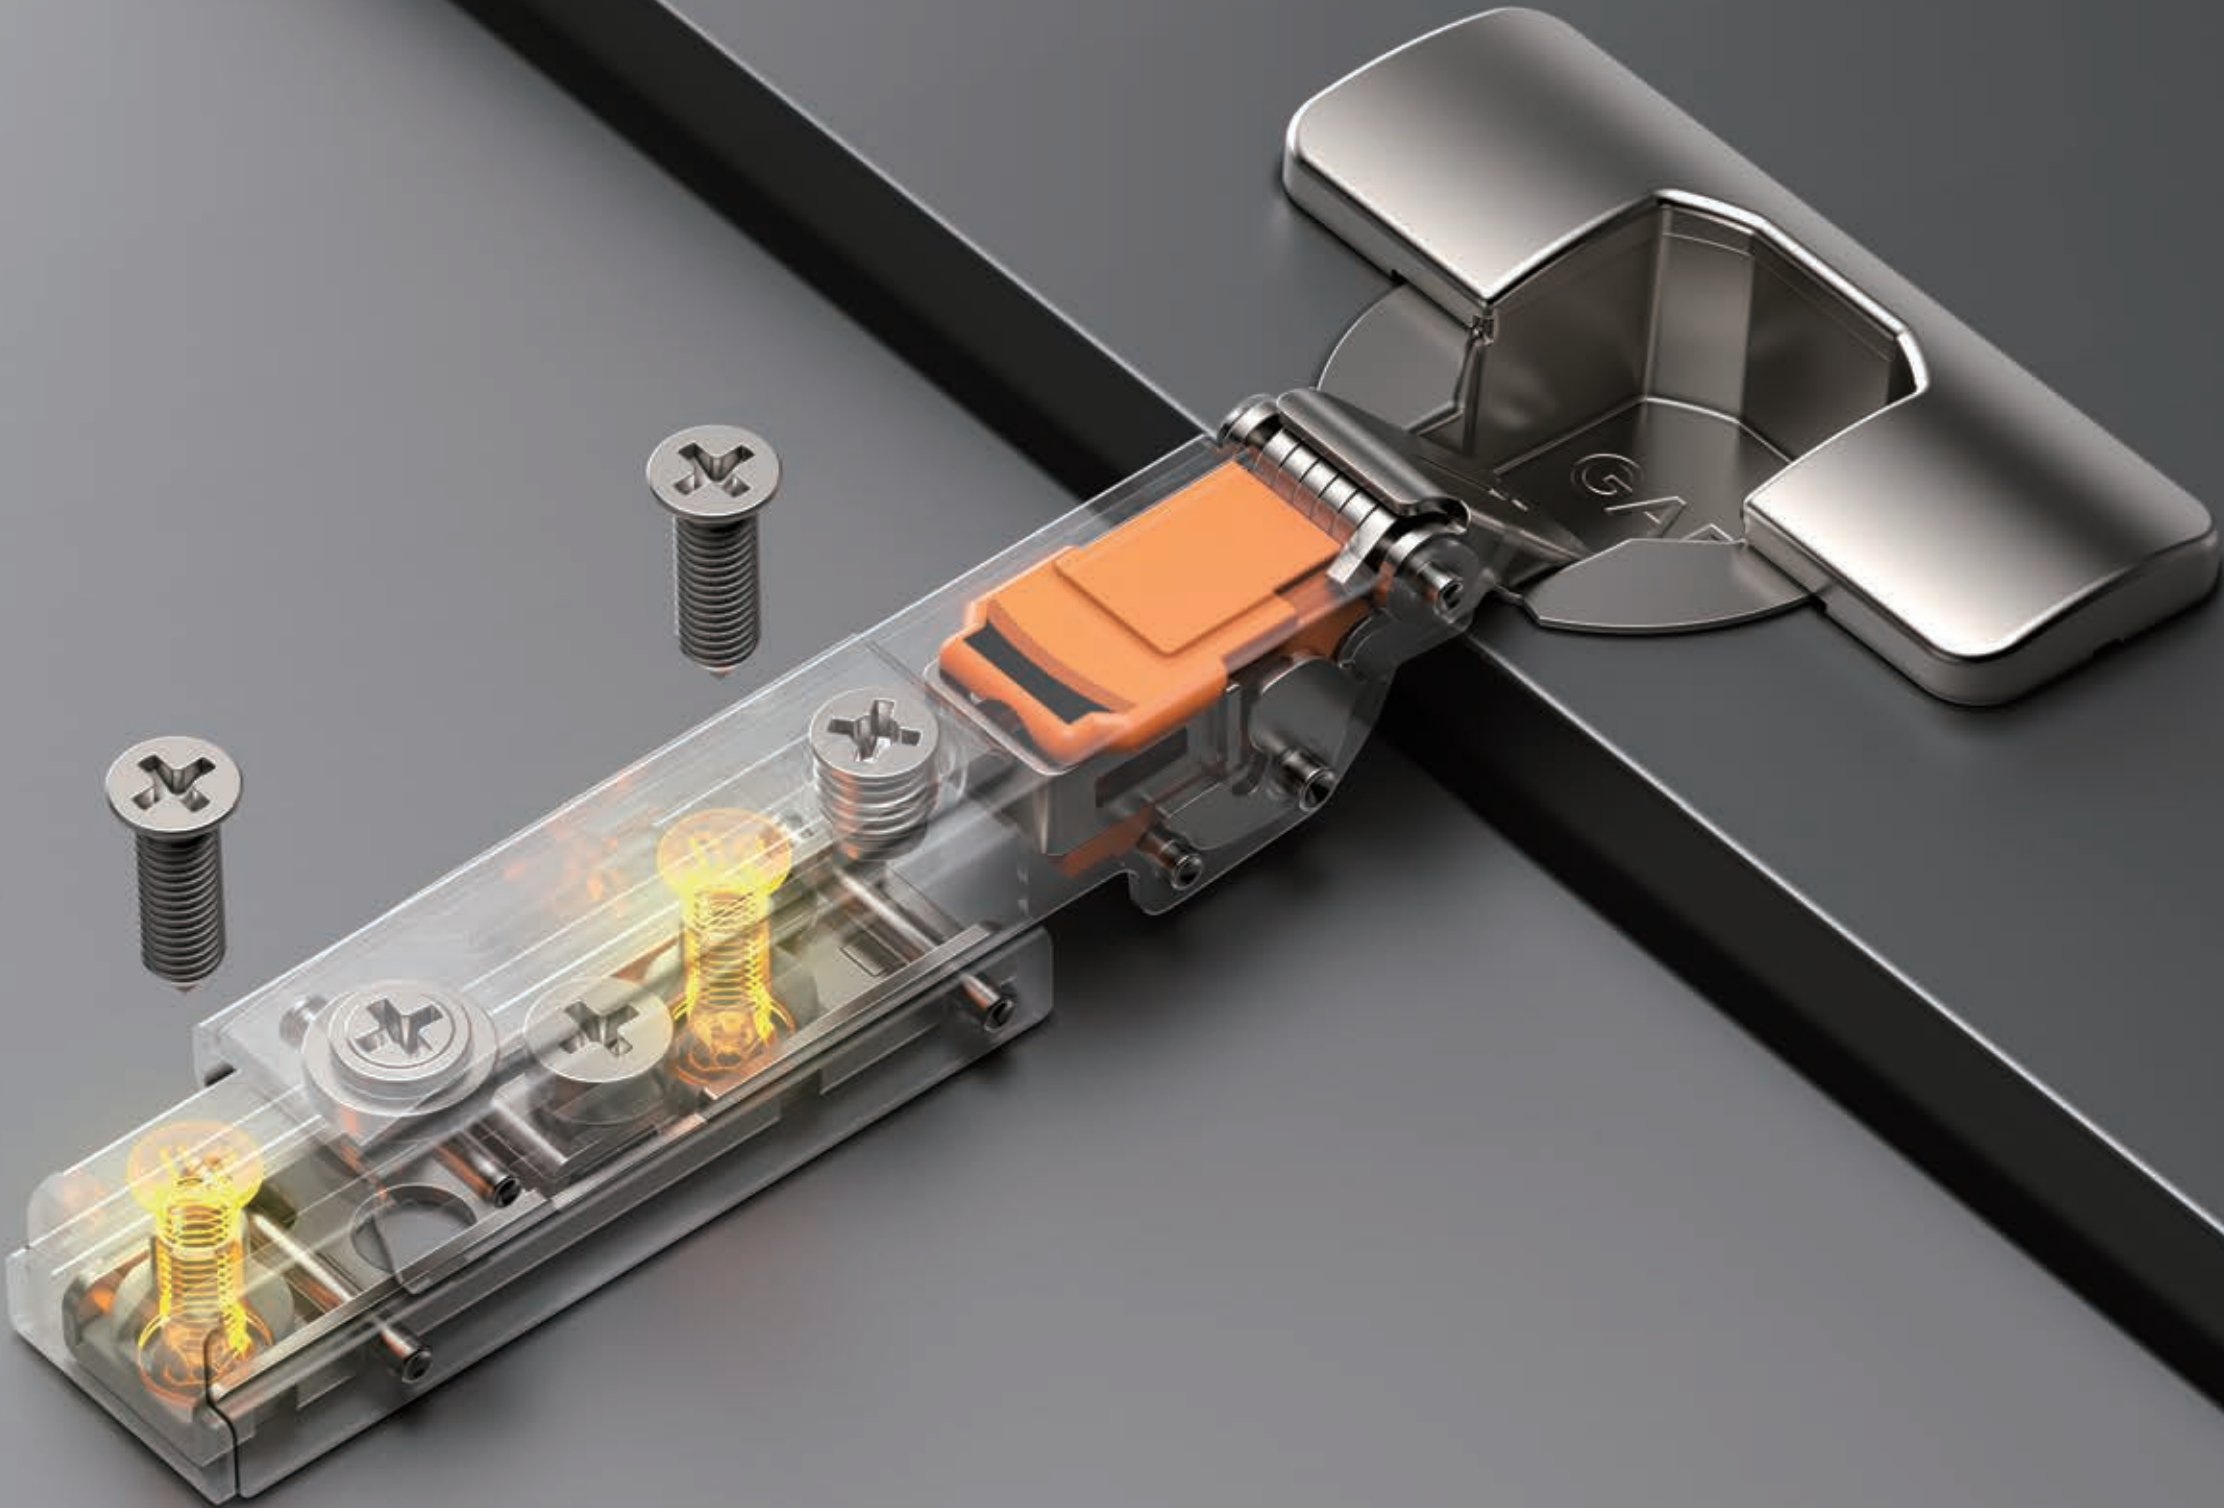

LINEAR HINGE SERIES

Epic hidden in the details

Tempering the cold steel,
Giving it silky obedience,
Using millimeter-level humility,
Lifting tons of trust.
Every rotation is a dance with gravity,
Every inch of wear and tear is engraved
with the secret words of time.

Linear hinge
Simple design,
Hidden installation,
Both appearance and function

• Built-in small-angle two-stage damper mechanism ensures a gentle, smooth, and silent closing experience.

• Minimalist design enhanced by a linear base featuring 3D adjustment capabilities, elevating simplicity to new heights.

• Integrated screw-mounted design for easy and quick installation.

• P20 function

Installation Guide

Note: All dimensions are manually measured and may have slight variances. Refer to the physical product for accuracy.

KT72

SMALL-ANGLE SOFT-CLOSE HINGE SERIES

The Silent Guardian

When doors open gently, abrupt noises vanish, leaving only silky-smooth motion. With refined damping technology, the small-angle soft-close hinge tenderly embraces every touch, infusing every moment at home with tranquility. Like a quiet guardian, it silently preserves harmony and peace in your living space.

When the door panel is opened to a preset small angle, the internal soft-closing mechanism of the hinge activates, allowing the door to close slowly, effectively reducing noise and protecting the door from impact damage.

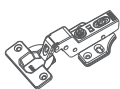

KT72 Hinge

3D Adjustment

Product Specifications

Hinge Cup Depth: 11.5mm
Opening Angle: 102±3°
3D adjustable, quick-release base compatible
Door Panel (K) Thickness: 3-7mm (total usable door thickness: 15-22mm)
Soft-close activation at ≤5°
Sturdy Anti-Shock Design:
Depth adjustment: 6.6mm
Horizontal adjustment: 5mm

Standard Configuration

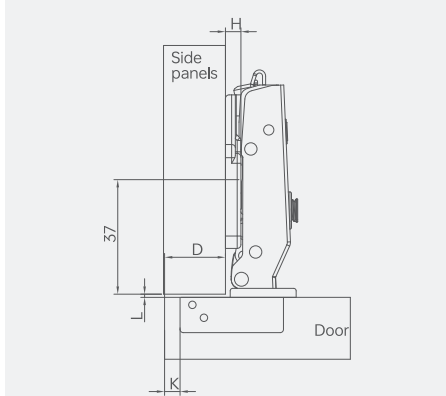

-  S01
10x wood screws
M4x16mm
-  2x soft close hinges

KT68

ROLLER SOFT-CLOSE HINGE SERIES

The Invisible Dancer of Living Spaces

Every opening and closing is an artistic performance. With patented roller technology, it delivers silky-smooth motion—noiseless, impact-free, like the first gentle rays of dawn awakening every corner of your home. Its minimalist, refined design seamlessly integrates into any décor, reflecting the owner's distinctive taste.

Patented Roller Structure and unique design ensure effortless, smooth operation. Robust roller material reduces wear and tear for long-lasting durability.

KT68 Hinge

UNIVERSAL SOFT-CLOSING HINGE SERIES FOR THICK/THIN DOOR PANEL

Gentle Touch, Art in Motion – Universal Soft-Closing Hinges for Thick and Thin Panels

Every gentle touch of your fingertips pays homage to the artistry of home design. Crafted with precision, our hinges bring endless elegance to the opening and closing of door panels. Compatible with both thick and thin panels, they showcase unparalleled versatility.

Adapts to 15–28mm door thicknesses, meeting diverse home scenarios without frequent hinge replacements. Adjust installation methods flexibly based on door thickness for a perfect fit.

GT Special Degree Hinge

GT135

Product Introduction

Open Degree: 135-6°,compatible with 165° hinge
Range of door thickness: 14mm-22mm
Door Dimension: 3-7mm
Material: Zinc Alloy with Nickel Plated Finish
Optional slide-in install
Optional 3D Adjustment

Standard Configuration

- 

S01
12Pcs Woodscrew
M4x16mm
- 

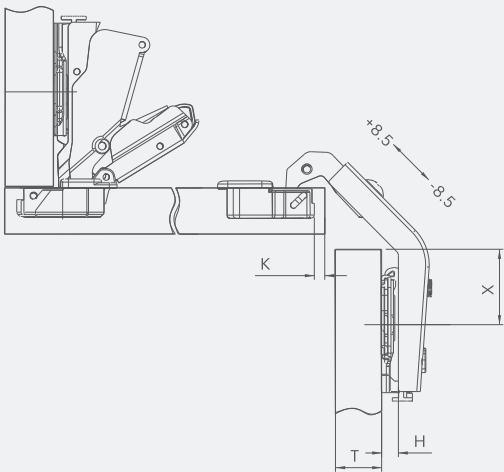

2Pcs Soft-closing Hinges

Estimating the Number of Hinges Needed Based on Door Size and Weight

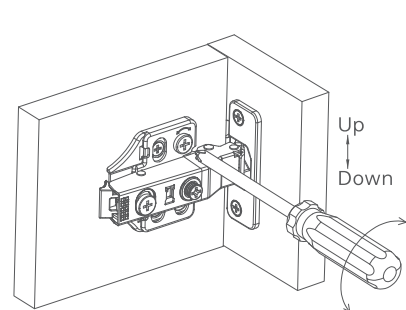

Installation and Adjustment of Hinges

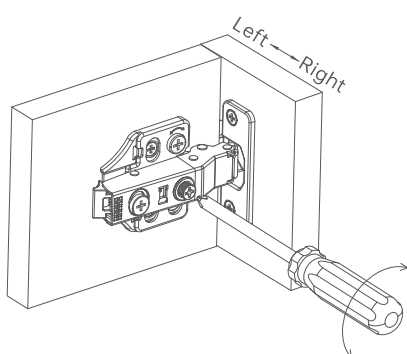

Allowance of Force and the weight of panel calculation sheet

| No. | Panel Material | Density(Kg/m³) | Calculation for Weight of the Door | | | | |
|-----|----------------|----------------|--|---------------|----------------|--|--|
| 01 | Solid Wood | 1000Kg/m³ | 1.Door weight = (Height × Width × Thickness) × Material density 2.Example: Standard wardrobe door (walnut): Size: 2000 × 500 × 18mm Weight: (2 × 0.5 × 0.018) × 1000 kg/m³ = 18 kg Standard kitchen cabinet door (walnut): Size: 600x500x18mm Weight: {0.6×0.5×0.018m} ×1000Kg/m³=5.4Kg Standard glass (5mm thick): Size:600×500×5mm Weight:(0.6×0.5)×12.5Kg/m³ =2.8Kg | | | | |
| 02 | HDF | 840Kg/m³ | | | | | |
| 03 | Plywood | 840Kg/m³ | | | | | |
| 04 | MDF | 730Kg/m³ | | | | | |
| 05 | Chipboard | 650Kg/m³ | | | | | |
| 06 | Particle Board | 650Kg/m³ | | | | | |
| 07 | Aluminium | 1000Kg/m³ | | | | | |
| 08 | Glass | Thickness 5mm | Thickness 6mm | Thickness 8mm | Thickness 10mm | | |
| | | 12.5Kg/m² | 15Kg/m² | 20Kg/m² | 25Kg/m² | | |

TOUCH LATCH SERIES

Touch open
simple life.

Touch Latch eliminates the need for visible handles. With its built-in spring or magnetic mechanism, doors and panels can be open easily with a simple press. Quick, intuitive and even operable with hands-free gestures. It seamlessly adapts to diverse scenarios - from kitchens to closets. Designed to align with modern minimalist aesthetics, it delivers a clean, handle-free design.

TOUCH LATCH DEVICE

KJ-K207-50N

Product Introduction

Material: Plastic
Color: Dark Gray
Unit Weight: 20g
Carton Dimensions: 53×27×30cm (L×W×H)
Quantity: 500 pieces/carton
Force Options: 30N / 40N

Included Accessories

Clip

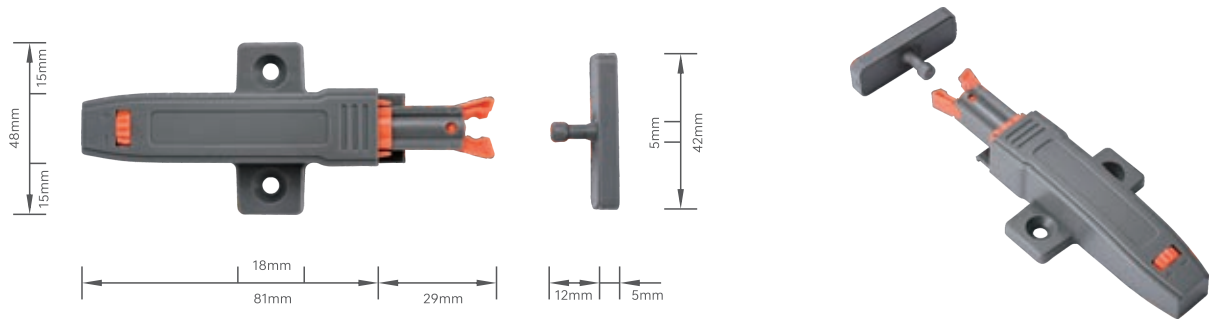

Screws
